Message from Chairman

Dear Recruiters,

Education, exposure and experience transform individuals to utility professionals. In line with vision and mission of this campus, I feel delighted to expose trained and field ready students of this campus to outside world. Getting large number, out of job willing, students placed and gainfully employed is a matter of immense pride and satisfaction for any campus. Therefore, I appeal to esteemed work houses to offer a learning window to our exciting students to prove their worth in the practical world.

In spite of all our preparatory efforts if you observe any gap between your expectation and our teaching- learning process, feel free to interact. Your inputs will not only serve the purpose of improvement tool but will also guide us for making appropriate modifications in our setup to make it more relevant and practicable for enthusiastic and spirited learners. Your support to this campus is going to be our strength and your participation in campus recruitment drive will be a key pillar for our commitment to serve the society.

Let us explore the avenues & areas for enhanced and prolonged interaction to serve each other's common cause.

Regards,

B.J. Pandya

(Principal, K. J. Institute of Engineering & Technology)

I am pleased to extend a warm invitation to you to visit K J Campus for placement program for present batch of final year students expected to roll out in June-July 2018. Our young and enlightened emerging graduates need a platform and support so that they can develop, grow and learn further and more in their respective fields and therefore on behalf of KJIT family I make an appeal to esteemed workhouses and employers like you to offer openings to them so that they can launch themselves in the professional world to become complete engineers. May I seek your open and frank feedback to be able to incorporate the same in practice immediately to bridge gaps between current and modern trends in engineering practices and redundant and industrially insignificant methods in line with industrial and practical orientation.

Mr. Nilesh Shukla
(President- VCCI)

As the president of Vadodara Chamber of Commerce & Industry (VCCI), I share a special commitment for the trade & industry.

I do believe that much still remains to be done. I hope that the recent call by the hon. Prime minister, Shri Narendra bhai Modi for the mission "stand up India-start up India" to help assist with setting up small ventures for the youth of India will fetch desired level of results.

I will be failing in my duty if I do not advise students for a much needed change in their mind set. I have observed that during the various job 'melas' that we organized, the youth were not receptive to joining micro & small enterprises and waiting for fat packages by big & multinational companies. I must confess that all the expertise that I have at my command is purely for having started in a small way. The lure for big names must give way to the desire to gain with work experience with not so big enterprises.

I convey my best wishes to all of you and wish to reassure that my services will be available for the entire student community all my life.

Wishing all the success for K J Campus and the young budding talents. Hope this placement brochure will help your reputed organization to find the right candidates at the right time.

Industry Feedback

Our HR team visited K.J. campus recently for recruiting engineers BE/Diploma in mechanical engineering. We found the placement cell head and other related faculty very supportive.

Due to their efforts the recruitment process went smoothly. Some of the students really did well and we have finalized a few students.

- **Cremach Design**

The relation between academic institutes and profession is very deep and profound. Infact all professional successes begin with Institutional successes. Therefore, it is prudent to Know and accept the responsibility of industries towards the academic institutions.

In our pursuit to excellence, we at ASTA recruited two students starting their professional journey. Their contribution is sincerely appreciated in our stupendous growth story which have been far above the prevailing industrial standards. we admire their academic exposure and the efforts of KJ Institute of Engineering & Technology which has been at the root of it.

I would express our sincere commitment to work with K.J Institute in developing the "Industry Worthy" pool of bright engineers and thereby continue to contribute to the overall society.

Industry Feedback

"We recently had an opportunity to recruit Project Interns for our Internship Programme for Final Semester Students. The quality of students has been really good as they are quiet well versed with the conceptual technical knowledge as well as with at par communication skills which is a mandatory criteria for MNC Company like us. Also the experience with the institute has been fantastic as the faculty and members of Training & Placement cell of the institute are very helpful and professional.

Hence we would definitely be willing to be associated with KJIT in future for any of our internship and placement programmes."

Urvi Parekh

Brijesh Patel Working at Gunnebo India (P) Ltd.

The education & experience that I gained from KJ Campus allowed an easy, smooth & rewarding transition from student to the industry. The faculty provided the environment to stimulate my learning. I am pleased to tell all that I am a graduate from KJ Campus.

Yogesh Pandey working at Tops Technologies

I am working with Tops Technology as ASP.NET developer/Project trainer since last 1.8 years. Where I have responsibility of developing, maintaining and providing support of web applications and service on Microsoft platform. It was superb I joined in 4th semester in KJIT, before that I was in PPP mode semi financed engineering college. I found good infrastructure, lab facilities, library and faculties, who were always ready to help with KJIT.

Panchal Labhesh Satyendra - Amar Cars Working as a freelancer in marketing

"KJIT is an ocean of opportunities for those who want to make something big happen in their lives. KJIT not only polishes you technically but also grooms your life to be self efficient and excel as a professional in your career.. Just Keep your vision open because as our Sir says, 'There is always vacancy on the top'. Today, after being the only delegate at IIT Delhi from Gujarat, I realise that what matters in an institute is not its altitude, but the attitude with which it works and I proudly say: 'Yes, I am from KJIT, Savli'.

Jagad Mihir Working at Cygnet Group

Studying at KJIT has been one of my best decision ever. The hands-on skills that were provided along with the regular teaching have greatly helped me in pursuing my dream.

Archita Shah working at Capegemini India Pvt Ltd

If you start in the wrong path, it will go all the way wrong. My decision to start with KJIT was absolutely right and that paved the way to my career. My humble request to companies is please don't think that college name matters- how the college grooming up the students matters. Thanks to KJIT for helping me to find out myself. Thanks to Capegemini for the trust on me.

Dharmista Rajane working at ISRO

As a student the most important thing to remember is that LAZINESS is your worst enemy and HARD WORK is your best friend. Even a billion starts with ONE- all you need to do is take one step and keep trying again and again until you reach where you want to be.

I am Ravi Soni. I completed my degree in Electronics and Communication Engineering with first class. I have never faced any problem in my college life regarding theory, practical's projects, etc. The faculties were always there to help. I was never absent in my college life as I did not want to miss a single lecture and college life enjoyment. I have started a good job career and I feel glad to become an Engineer from K.J Institute of Engineering and Technology. There is a great saying "Where there is a will there is a way". I found my way in 2012 when I joined K.J.I.T. Yes KJIT, The best choice in Vadodara

Sindha Mahaveer Working at ABB Group

The name KJIT is enough for us to get recognized. When I got admission to KJIT I was thinking it is ordinary college but with passage of time it was proved wrong as academics of the college was level up then other ordinary colleges. From a professor to principal all are well recognized person with a vision to develop the college and all are from reputed university. Till 2nd year we were only known about the academics of the college but in 3rd year the placement department came into action and several MNC visited for from all areas of India. The effort the T&P department makes is speechless and can't be describe in words. When I entered college in 2013 I was almost a below average student but when I am leaving the college I am recognized scholar student. Special thanks management team for developing such an effective education system in Vadodara and getting recognized it on world level and also exposure of students into it. Yes KJIT, The best choice in Vadodara.

Karan Khalas Working at GUNNEBO

I am very thankful to KJIT-Savli, its IT department and Placement department. They made efforts to ensuring students get placed before completion of their graduation and spread their innovative ideas around the world. It has provided me a platform from where i have got support to shaping my career .The institute has started special personality improvement classes from starting of the Graduation degree. At last, i would like to say thanks to all the faculty members for improving my knowledge ,confidence ,communication skills and most important there support to think different than others because there are always vacancies on the TOP. Yes KJIT the best choice in Vadodara
